# Community Performing Groups & Mini-Mesters

Our Community Performance Groups are designed for the dancer that LOVES to be onstage! Members of our performing groups grow in confidence and competence through weekly rehearsals and community performances. They perfect skills, become more flexible, improve their technique and grow as an artist each week — all under the mentorship of positive role models. Performing group members have a high success rate with auditions for high school dance teams, theaters productions and pageants, as well as choice college programs and scholarships. Our performing groups dance for a variety of audiences. Some examples include charitable events, nursing homes, expos, Great America Dance Fest, sporting events and more!

## **GRADED TECHNIQUE CLASSES: LEVELS 5, 6, 7**

Our Level 5, 6, & 7 Graded Technique students continue to grow in strength, control and flexibility as well as artistry and expression. Our advanced dancers have additional performance opportunities such as LEAP and YAGP.

The LEAP Project is a combination of programs designed to train dancers in Leadership, Education, Apprenticeship and Performance. At KAPA we recognize the importance of family, community, leadership and talent. We strive to help build better kids by teaching them how the arts can work for the community and how to become an involved member of that community. The LEAP Project includes four parts: STAR Leadership Training, membership in the National Honor Society for Dance Arts, KAPA's Teaching Apprentice Program and the LEAP Performance Group. The Leap Project is open to 12+, Level 3 and up students.
